ORGANIZED FARMERS IN BIG OUTING

How Things are Starting to Come Their Way Is Told

CAN WAKE PEOPLE AS WELL AS HOGS

Fight for Producer Control of Sales Told by Natl. Leader

Albert Landmeier of Elk Grove won the second prize in the Hog Calling contest at Wednesday's picnic of the Cook and DuPage county farm bureaus and Pure Milk association, at Riedy's grove, south of Lisle. Robert J. Plane of West Chicago won first place. Both men were called back for encores out of the eleven contestants. The woods rang with their powerful smooth, high falsetto "OO-OO-OOey" and artistic embellishments of special appeal to the porcine diners. Impressionists in search of good voices should frequent our American hog-calling contests, and by taking Italian names, as is the custom, who knows what a hit some of our farmers could make on the operatic stage? It takes personality, it seems, even to do a first class job of calling hogs.

Auto Parking Contest

A feature of the picnic was an auto parking and driving contest. Entrants had to back their cars, snake-like, in and out between nail kegs set up at intervals, then back into "garages" sideways and endwise along a narrow alley without hitting anything and handling their cars neatly. Ray Newton of Orland in Cook county won first place, Darwin Shoger of Naperville, second, and George Johnson, insurance official of the Cook County Farm Bureau, Arlington Heights, third. There were seven contestants.

Fine Crowd

The crowd was large and happy and an amplifier was used in announcements and speechmaking. Seen among the visitors were Samuel H. Thompson, president of the American Farm Bureau federation, who, for three years, was president of the Illinois Agricultural association, President George J. Jewett of the Transportation bank of Chicago, George Thiem, publicity director of the Illinois Agricultural association Harold Vial, executive committeeman for the 10th and 11th districts of the Illinois Agricultural association, H. W. Day, former farm advisor of southern Cook county, and now with the Illinois Growers Marketing association, President Newton Jenkins of the Jefferson Park Trust and Savings bank, member of the Farm Bureau and prominently identified with the Pure Milk Association, county advisor O. G. Barrett, Mr. Don Geyer, field manager of Pure Milk, and Mr. Adolph Krahf, former Methodist minister at Palatine and Antioch, and now public relations director of Pure Milk.

Thompson Hits Nail on Head

Sam Thompson, head of the united farm bureaus of America, and prominent on the organization committee for the biggest scheme for farm marketing ever devised, as pushed and sponsored by the new Federal Farm board, spoke, aided by the amplifier, to the big crowd gathered among the trees.

"A long way we have come in our organization work," said Mr. Thompson. "Many obstacles, many difficulties confronted us including the very attitudes of the farmers themselves. When they were prosperous during the war, it was not so very difficult to get members then; money was plentiful. It has not been so easy since. It has been most difficult to keep up the morale of the industry. I believe no other industry could have come through such reverses, kept its morale, and responded to so magnificently a program as the farmers have done. It has been very difficult for other folks to realize what the difficulties have been that the farmers have had to face. We have been successful just in the proportion that you folks have cooperated."

Organized farming means better neighborhoods, according to Mr. Thompson. "Some of the difficulties that confront you are close about you," he said. "Any program that does not reckon with the social and community life, does not meet the need of the farm home. To build strong characters that go out with good home influences in every fiber of their being, we are interested in the churches, in the schools and in the community life, and we are building for the future."

"It will not be hard to sign up the young people in the Farm Bureau, or in the Pure Milk association, for they will have been in the baseball teams, and in the games; they will have played and worked together, and learned to move as one man."

"We had not thought to apply these principles to farming. We had been working along one side. We had thought the principles that apply to industry could not be applied to agriculture. (In industry, they control all the elements of their business, they control production.)

Chief Skoog Buys Machine Gun for Use if Necessary

A Thompson machine gun weighing seven or eight pounds, and a bullet proof vest came on Tuesday for Chief of Police C. H. Skoog. They will be kept in the new village hall, handy for emergencies, which everyone hopes will not occur. But the chief has been close enough to very serious trouble with organized law breakers using highways that he naturally wishes to be fully prepared in case of a "jam."

FRANKLIN PK. RACE DOG MAN HELD IN OHIO

Fred S. "Mickey" Moore, well known Franklin Park race dog operator was placed under arrest at Toledo, O., upon complaints preferred by Kane County authorities, charging him with operating a confidence game and also for arson, early last week.

States attorney Carberry of Kane county, informed a representative of this paper that chief of police Frank Ramsey and officer Chas. Strutman of the Elgin police department, departed Tuesday afternoon for Toledo and Columbus to get extradition papers on Mr. Moore and to bring him back to Kane county for trial.

Flames Destroy Plant.

The promoter, whose efforts to revive dog racing in Kane county went up in smoke on Monday, July 15, when spectacular flames levelled the grandstand of the Kane county Kennel club just west of Elgin was reportedly charged with responsibility for the fire in an arson warrant issued by Police Magistrate R. Thompson. State's Attorney George D. Carberry authorized the issuance of the warrant, while P. E. Bertram, deputy state fire marshal signed the complaint.

To Fight Extradition

Authorities prepared the arson charge at a time when they expected the return of Moore at this city following his arrest in Toledo, Ohio on a confidence game charge preferred by John M. DeTienne, one of the owners of the dog racing plant. Instead of returning with Moore, however, City Marshal Frank J. Ramsey and city detective Charles Struckman returned to Elgin empty-handed with the information that the promoted had decided to fight extradition.

"Chief of Police L. J. Haas of Toledo informed us at first that Moore would waive extradition," declared City Marshal Ramsey, "but when we arrived in Toledo we found that the defendant had changed his mind and had decided to block every attempt to return him to Kane county.

In Denial of Charge.

"Moore told us that he didn't take any money from John M. DeTienne, as the confidence game warrant alleged, and that he was going to fight the case to the limit.

In addition to the arson warrant another "con game" charge was lodged against Moore the complainant being D. H. Bray of Waukegan who charged that Moore obtained \$2,000 in cash from him.

The \$2,000 represented part of a \$8,000 fund which promoters of the \$8,000 track raised for the purpose of financing the securer of an injunction to restrain county officials from interfering with their racing program. Moore the complainants charge represented that he had secured the restraining order, where it is alleged that he hadn't.

Authorities investigating the incendiary blaze which destroyed the racing plant grandstand asserted today that they had more than sufficient evidence to warrant the placing of a formal arson charge against Moore.

"We have evidence that the defendant purchased 18 gallons of 'Flit,' and inflammable insecticide, and sprayed it in certain portions of the grandstand so heavily that it dripped down thru the floors and spread over the track records in rooms below," declared State's Attorney Carberry in discussing the case.

"He also bought five gallons of kerosene to take care of two small emergency oil lamps.

The defendant was also seen at the race plant as late as 11 o'clock on the night of the fire.

Authorities also declare that they have established the motive for the act.

Spends Two Weeks With Regiment of Coast Artillery

The Assistant State's Attorney assigned to country towns in Cook county, Robert L. Donigan, returned Sunday from a two weeks' vacation serving as Second Lieutenant, 202nd Coast Artillery (Anti-Aircraft) at Fort Ontario, Oswego, N. Y. The two weeks were spent in field training, with anti-aircraft guns, including machine guns. Governor Roosevelt of New York reviewed the regiment. The 202 is considered by experts to be one of the best in the government service.

Fort Ontario was established by the British before the Revolution and is one of the oldest army forts in the United States.

Mr. Donigan prosecutes most of the criminal cases brought up at the Ballard Road County Highway Police Court.

Fancy Kinks in Vegetable Raising Demonstrated

Laying aside for one day the role of actual tillers of the soil and adopting the air of inspectors, the farmers and gardeners took a day off to attend the fourth annual inspection tour sponsored by the Cook County Truck Gardeners and Farmers' Association Tuesday, July 30. True, they spent the day out in the fields, but this was one day when they forgot to work and just looked, as praise and helpful criticism were intermingled with good natured jokes as dressed in their Sunday best they trudged along 'neath the broiling sun.

Prestige was lent the affair by the presence of Dr. J. W. Lloyd, the big chief in State Horticulture, who gave helpful suggestions and expressed his opinion and apparently enjoyed the day as much as the gardeners enjoyed and appreciated having him with them.

INSPECTION TOUR VIEWS FINE CROPS

Fancy Kinks in Vegetable Raising Demonstrated

Laying aside for one day the role of actual tillers of the soil and adopting the air of inspectors, the farmers and gardeners took a day off to attend the fourth annual inspection tour sponsored by the Cook County Truck Gardeners and Farmers Association Tuesday, July 30. True, they spent the day out in the fields, but this was one day when they forgot to work and just looked, as praise and helpful criticism were intermingled with good natural jokes as dressed in their Sunday best they trudged along 'neath the broiling sun.

Prestige was lent the affair by the presence of Dr. J. W. Lloyd, the big chief in State Horticulture, who gave helpful suggestions and expressed his opinion and apparently enjoyed the day as much as the gardeners enjoyed and appreciated having him with them.

The crowd assembled at the Cook County Experimental Farm west of Des Plaines where Supt. E. P. Lewis and Entomologist C. C. Compton conducted their visitors over the well managed farm. Mr. Lewis explained his methods of determining how to treat the soil and seed in order to produce the best quality and heaviest crops. To do this he employs several plots of ground for each vegetable experimented on using manure on one, fertilizer on another and a combination of both on another and so on and of course having the check plot to ascertain how much greater and to compare the yield of the respective plots. These experiments are very beneficial to the industry and Mr. Lewis will be glad to help anyone with any problems he may have in that respect.

After a complete inspection of the experiment station a halt was called for lunch and everybody followed the leader to the Forest Preserve at Oakton street and the river, where in the twinkling of an eye, the ladies had the lunch baskets out and soon all were "hard at it." A sociable hour was spent lolling there in the shade ever the crowd piled back into their cars for the afternoon part of the tour.

The farm of Louis Wetterman was the first stop where cabbage, onions, tomatoes and pickles were the chief objects of interest. Here the visitors found a crowd of laborers engaged in harvesting pickles. After a drink from the old oaken bucket the "tourists" were ready to go and the trail led through the Louis Schroeder farm. No stop was made here but a splendid view of the large sweeping fields of sets and onions was obtained while passing through. Parsnips were also one of Mr. Schroeder's main crops.

Back on the highway the procession was escorted to the farm of Alvin Dreyer on Foster avenue. Onion sets are also Mr. Dreyer's specialty and observing with a critical eye the large patches of sets on his farm, the consensus of opinion was that Mr. Dreyer should reap a fine crop of good quality sets. The farms operated by John C. Sass and his two sons, Walter and Erwin, were the next points of interest. On one onions, parsnips and horseradish were viewed, on the other sets and squash. The large warehouse used to store the sets was also given the once over by the crowd before they said goodbye to Cook county and drove out to DuPage to the farm of Louis Cornille on York road.

And what a treat lay in store for the visitors. Mr. Cornille profitably grows every variety of garden vegetables on his large farm and has everything in perfect order and well systematized. On the farm are an enormous barn and packing shed where the vegetables are bunched, washed and crated and loaded on the trucks ready for the market. Being conducted through this shed the "inspectors" came upon one of Mr. Cornille's sons packing Broccoli, which was a vegetable many had never seen. It resembles our cauliflower and in fact is sometimes called "Italian Cauliflower."

Of course there were a vegetable washing machine and bunching machine, for gardening on such a large scale, for gardening is impossible without either.

While Mr. Cornille raises every kind of vegetable on his farm Mrs. Cornille, equally as ambitious, has practically every known variety of flower in their spacious yard. A beautiful sight with modest pansies lining the walks and hollyhocks raising their stately heads high above the riot of color, which, with such a variety, abounds continually from early spring until late fall.

Everyone agreed that this was the ideal truck farm and that the leaders had saved the best till last.

It may be interesting to know that the Chicago Daily News Station, WMAQ, have their radio station located on the Cornille farm, having purchased ten acres from Mr. Cornille.

What did it matter that the tour happened to be on one of the hottest days of the year, everyone, the ladies included, enjoyed the entire day and say, "We had a fine time."

And e'er parting the various visits were summarized and general opinion was that the crops all looked good.

They took enough eats for a trip to Europe.

Miss Lunning's prize will be given long to be remembered in the life of Arlington Heights.

Miss Arlington is to be the hostess at the Arlington Beauty home, at the wedding to take place in a few weeks, and to be announced later. Who the couple are is yet a profound secret.

Hundreds have inspected the Miss Arlington Beauty home, and as they came out for the coronation last night, you would not have believed one house could hold so many. It will be the good-natured envy of the couple who are fortunate to start off married life in so harmonious and convenient a home.

LANDSCAPE BEAUTY IN SCARSDALE

Engineer's Interesting Paving Plan Is Nearly Completed

Widening of the South State road pavement between Grove and Rockwell streets, a distance of approximately three long blocks along Scarsdale, Bert H. Laundermilk development, will be appreciated by every motorist who drives that way, and illustrates the thorough and complete manner in which the development of this big 151-acre section is being carried out. The work is being done on private contracts by Milburn brothers, 19 feet additional, according to state specifications; compensation to be returned by the state when the whole section of state road is widened.

One cannot appreciate the beauty of the layout of Scarsdale from the outside. One must drive thru the winding streets, deep set, with natural terraces and wide parkways above, amid a wealth of beautiful greenery remaining over from the Klehm nursery.

The paving is nearly completed, including Rockwell street on the south boundary and fifteen feet on Dryden place on the east boundary, and is of reinforced, concrete, 8 inches thick, with rounded corners and curbs.

Six parks, one of them 600 by 400 by 280 feet in various stages of development, one of two of these completed, at the outset give beauty that where they left out, would never be possible afterward. One will contain a wading pool for the children.

The music committee have the music planned for the year. Mrs. Charles Lorenzen will direct this feature.

The entertainment committee met yesterday. Mrs. Nicholas Mayer being chairman, and planned some of the year's work ahead.

Programs for the year will be printed as soon as the speakers are lined up. While the plans for the year books are not completed, the program committee can assure the members that this year's program will equal last year's.

A unique feature is the intersection of eight streets at Bristol lane and Park avenue. The engineer, W. H. Allen, has so planned the coming together of these streets that no one street crowds the other. Mayfair road goes through here and runs thru Stonegate as well. Most streets are designed with a gentle roll or dip, adding beauty to the neighborhood. The parkways are to be set out with the profusion of trees and shrubbery already growing about in abundance, more trees in great variety than can be used.

Twenty-five homes, all individual, are in process of construction, including the demonstration home of Indiana rubble stone. This home is nearing completion, and an interesting announcement concerning it was made by the architect.

Ornamental cement lighting posts are being installed in the parkways, and will carry 250-candle power lights, purchasers of lots to be given this street lighting free for five years.

Scarsdale is developing toward becoming one of the most delightful home sections in Chicago suburbs.

Leave Wednesday for Good Fishing In Northern Wisconsin

Principal V. L. Brown of the Arlington Heights high school, Rev. H. A. Kossack of the Presbyterian church, and Charles Paulsen, left very early Wednesday morning in Mr. Brown's car for a two weeks' fishing and camping trip in the wilds of Northern Wisconsin.

It may be interesting to know that the Chicago Daily News Station, WMAQ, have their radio station located on the Cornille farm, having purchased ten acres from Mr. Cornille.

What did it matter that the tour happened to be on one of the hottest days of the year, everyone, the ladies included, enjoyed the entire day and say, "We had a fine time."

And e'er parting the various visits were summarized and general opinion was that the crops all looked good.

They took enough eats for a trip to Europe.

"THE DELLS" DESTROYED BY QUICK FIRE

Spectacular Blaze in Frame Structure Was Beyond Control

The Dells, well known roadhouse of Morton Grove, was destroyed by fire yesterday afternoon. The fire started in the basement, and frame structure as it was, the blaze spread so fast that the combined efforts of the Morton Grove, Evanston, Niles, Niles Center and the Glenview fire departments were unable to save the building.

Each young lady was first introduced, one by one; then in groups of four each was designated to the crowd by Wm. Kopplin for the Clyde C. Young Realtors, and one that received the most applause was elected to appear in the finals. Five were in the last three, and two were the last two. The applause was long and hearty on the winners, and for some of the others was also marked.

Dancing was enjoyed on the pavement to the music of the "Seven Ramblers" orchestra, led by Charles Volker of Arlington Heights. Cars were lined up for blocks around. It was an event long to be remembered in the life of Arlington Heights.

Fire Chief Frank Boenmels sent out an S. O. S. call as soon as he arrived, which was quickly answered by the nearby stations, but the blaze was beyond the powers of all of them, and it was necessary to give some attention to save other nearby structures.

Hundreds have inspected the Miss Arlington Beauty home, and as they came out for the coronation last night, you would not have believed one house could hold so many. It will be the good-natured envy of the couple who are fortunate to start off married life in so harmon

First Excursion Train
On July 5, 1841, when a "Puffing Billy," hauling two dozen open railway "carriages"—they were called "tubs" at that time—steamed out of the station at Leicester, England, bound for Loughborough, 11 miles away, it marked an occasion memorable in railway annals, for it was the first excursion train ever run.

The train carried 570 passengers to a temperance meeting, and the organizer of the excursion was Thomas Cook, then a young printer of Market Harborough, later to become famous as the promoter of Cook's tours.—Detroit News.

Wails and Whales
A certain club possessed one member who was notorious for grumbling. Wet or fine, warm or cold, he always found something to grumble about.

One evening he was holding forth as usual about his bad luck.

"I'm a Jonah and a Job rolled into one," he complained, "only I don't happen to possess the patience of Job."

"Never mind, old man," murmured his victim, preparing to make his departure, "you've still got Jonah's wall."

"Truth" was the subject of the

Lesson-Sermon in all Churches

of Christ, Scientist, Sunday, July 28

The Golden Text was, "Holy

Father, keep through thine own

name those whom thou hast given

me, that they may be one, as we

are. Sanctify them through thy

truth; thy word is truth" (John

17:11, 17).

Among the citations which com-

prised the Lesson-Sermon was the

following from the Bible: "Because

I will publish the name of the Lord:

ascribe ye greatness unto our God.

He is the Rock, his work is perfect:

for all his ways are judgment: a

God of truth and without iniquity,

just and right is he" (Deut. 32:3, 4).

The Lesson-Sermon also included

the following passages from the

Christian Science textbook, "Sci-

ence and Health with Key to the

Scriptures," by Mary Baker Eddy:

"God is what the Scriptures declare

Him to be—Life, Truth, Love" (p.

330).

DIAMOND DUST

The Ill Effects of Decayed Teeth

Gathered from life by Warren C. Henslee.

Where would any man be if he did not learn from others?

A man is himself, plus the books he reads and his associations.

Brotherhood that does not include all humanity is counterfeit.

Really big men always have time and plenty of it, for things that are really worth while.

If one would serve God he must do so by serving his fellowmen.

Back of every great life there are long years of laborious training.

Some men's hearts are like prisons—every cell has a rascal in it.

He who gives thought to the material things of life only, fails to may seem to succeed.

Withhold not good from any man when it is in thy power to bestow it.

Whatever is held in one's heart will determine what his life should be.

Beetle Vindicated

Experiments show that while the beetle and other insects were being blamed for the destruction of public buildings, they are not guilty. Their jaws are quite unsuited to a diet of stone. All they do is to make their homes in the erosions made by the more deadly bacteria. Even hard, smooth marble does not come amiss to these bacteria, and, incredible as it may seem, experiments reveal that they will make an erosion on the hard est marble in three weeks.

In concluding this brief article, I wish to emphasize again the necessity of having your teeth examined frequently. You must not allow a tooth to ache before you visit your dentist, because aching teeth are often damaged beyond repair. They either must be extracted, which is an irreparable loss, or they must be treated. And treated too often lead to infections which will poison your entire system.

**Lay Corner Stone of
Dormitory of Park
Ridge Girls' School**

Another milestone in the progress of Park Ridge School for Girls, Park Ridge, will be reached today (Friday) when the members of the school and its board of directors meet to celebrate the corner-stone-laying of a new dormitory, the Florence Tuttle Hall.

The new building, which will provide a home for twenty-two of the older girls of the school, was given by the late William P. Tuttle in memory of his daughter. The late Mrs. William R. Linn endowed the cottage.

All friends of the school are cordially invited to attend the ceremony, which will take place Friday morning, August 2, at eleven o'clock. Amalie Hofer Jerome of the board of directors, will preside at the ceremony this morning. The program will begin with a speech by Mrs. Jerome. Mrs. O. J. Buck, chairman of the building committee, will introduce J. T. Hetherington, the architect, who will give the plans for the cottage. Miss Ruby K. Badger, superintendent of the school for ten years, will tell how the building will meet the needs of the school.

After a song by the girls of the school, Mrs. Charles Ware, president of the board of directors, will officiate at the ceremony of laying the corner stone. The program will close with the Doxology sung by the assembly and a prayer by the Rev. K. E. Carr of St. Mary's Episcopal church, Park Ridge.

OBITUARY

ANTHONY SCOLARO, SR.
Mr. Anthony Scolaro, Sr., was born Sept. 24, 1868, in Termini, Sicily, Italy. He passed away, July 25, 1929, at the home of his son, Anthony, Jr., in Arlington Heights, Ill. after an illness of seven weeks. Since the passing on of his wife in 1914, he has been retired from business.

He leaves two sons, Anthony, Jr., and Frank Scolaro, and nine grandchildren in Arlington Heights. The funeral was held at 10 o'clock Saturday morning, at St. James' Catholic church, and conducted by his pastor, Rev. Peter F. Gall, assisted by Rev. Charles J. Mertens of Buffalo Grove and Rev. Jos. Firnbach of Chicago. Father Firnbach delivered the funeral sermon. Interment was in Mount Carmel cemetery.

South Side Breezes

(A poem for our apulent South Siders.)

BEWARE OF THE SIGN
As a man grows older and his muscles soften,
There's a spot he thinks of very often;
As his lot grows easy and his burdens lighter,
He notes with dread that his trousers tighten.
As there's less of fighting and more of feeding,
Comes a threat of nature he can't help heading,
For it's there success puts her approbation
On that prosperous growing corporation—

Down where the vest begins!

(And here's a poem for our South Side flappers).

THE MODERN GIRL'S CODE

Life is just one dance after another,
Money grows on trees, shrubs, and lawn.

He should be kept waiting exactly ten minutes.

A true story is one that was never told.

Homely men are brutes. When your chest heaves you're in love.

He likes to hear about the other fellow.

Rouge makes one look more natural.

Absence makes the heart grow fonder (for somebody else)

Out of sight, out of mind!

CHATTER

Well, Thursday night tells the little tale! Or rather ends the tale, concerning just who will be Miss Arlington.

The postponement of this affair will probably make it all the more interesting. Not only because more people will know about the contest but because the girls have all seen each other and know how much competition they have to stand up against. Then more time, more girls will enter.

Did you ever notice how a contest of this sort brings about hard feelings, envy, hate and yet what an excellent test of good sportsmanship?

BIG EARS!
Rosalind Newburg is now visiting her mother at their summer home in Michigan.

We're sorry to hear that Mrs. North on South Mitchell has been poorly the past week and we hope she will be feeling good again soon.

Mr. Muelhausen is expected to arrive home soon by his family on South Mitchell from Syracuse, New York, where he has been visiting the past two weeks.

Mr. and Mrs. Dr. Sanders and two sons of Stevenson, Michigan, are visiting at the home of Mr. Dick Smith on South Dunton this week.

Miss Gladys Hetherington is leaving today for a two weeks visit with friends and relatives in Danville, Illinois, her former home.

Mr. and Mrs. Dick Smith and their granddaughter drove to Kankakee last Sunday, which served as a trysting place for friends and relatives. The group had a jolly picnic at Avon Beach in Kankakee. Those present were Mr. and Mrs. W. R. Cunningham and two daughters from Florida, Mr. and Mrs. Sanders and two sons of Stevenson, Michigan, Mr. and Mrs. C. E. McKinney and daughter, Mr. and Mrs. Charles Spies.

Mr. and Mrs. Fletcher Coleman and little daughter Marine, Miss Myrtle Coleman and Miss Marion Coleman, all from Danville were guests at the Hetherington home this week.

**Gorecki-Jaster
Wedding Saturday**

The nuptials of Miss Harriet Gorecki, daughter of Mr. and Mrs. Walter Gorecki, and Mr. Walter E. Jaster son of Mr. and Mrs. Jaster were solemnized Saturday, July 27, at 6 p. m. in the St. James church. The Reverend Father Gall officiated at the sacred rites.

Miss Clara Gorecki, attendant and sister of the bride lead the way to the Altar, attractively decorated with fernery, flowers, to the beautiful strains of Tobanis Hearts and Flowers, played by Miss Irene Gorecki, sister of the bride. The bride, escorted by Victor Jaster, best man and brother of the groom, followed slowly. They were met and the bride received by the groom at the altar.

Miss Harriet Furmaniak, friend of the bride and student of Madame Aramonda sang "One Maria" by Charles Gounod beautifully, while the bride and groom were joined in holy matrimony. The exquisite rendition of Ethelbert Nevin's Rosary by Miss Gorecki, seemed to seal their vows and lead them on into their future life together, as they turned to leave the holy altar.

The bride gracefully wearing a gown of white satin embellished with lace and fresh gardenias was a vivid representation of chastity. Her beautiful veil fell in dainty folds over her shoulders and trailed upon the floor. The picture of peerless beauty and charm was pleasingly contrasted by her pur-savant, who wore a gown of pink taffeta with an underlining of golden lace. A pink picture hat was worn with a charming air. The bride carried an odoriferous bouquet of exquisite white roses, while the attendants' were daintily tinted with pink.

From the church the guests and bridal party proceeded to the St. James church hall where the wedding supper was attractively served. Many toasts were quaffed, after which the groom, a well known man of Arlington Heights, when called upon by his seventy five guests, delivered a speech which reflected his overwhelming emotions. During the course of the supper a telegram arrived from the oldest sister of the bride in Erie, Penn., whose absence was due to the conditions of her husband's health, offering their most hearty congratulations. A reception followed immediately after the supper. "The Roaring Jazz Pirates" seated upon the stage behind the footlights, offset by a background of poems and fernery, supplied music for the evening.

Miss Harriet Gorecki, having expressed the wish to be married in the church in which she had been baptized, and later to live in the town in which she had been born and raised, was gratified when her fiance bought their little home on the south side of Arlington Heights. She is in this respect a true daughter of Arlington Heights, and we sincerely hope she shall remain so for many years to come. May life bestow upon the newly married pair only the best of what it has to offer.

ORGANIZE FARMERS IN BIG OUTING

(Continued From Page One) cause they have not produced enough, Mr. Thompson declared. In 25 years, industry had produced 47 percent more for man; agriculture 46 per cent more. Production in agriculture has increased 15 per cent in five years. "But have we benefited by more production?"

"It is more difficult to control production in Agriculture than in Industry."

Quality O. K.

"You have submitted your herds to the tuberculin test for pure milk, and you have met the challenge for a standardized product."

Distribution at Fault

"When you begin to compare the distribution of products of industry with that of the products of American agriculture, there is not one iota of difference in principle. It is not because you are inefficient in production; and not because you have not a standardized product; it is because you have not contorted the price of your own product."

Next Big Forward Movement

"We are going to apply business principles that are applied in distributing the products of industry. But when we came to the state legislature and asked for corporation laws that would enable the farmers to control their own products, we were called 'radical,' 'socialistic.' Arguing for the cooperative producer control in the marketing of his own products has brought farm marketing to the attention of the nation. In the last session of congress it has been kept to the front by organized agriculture. Until the last convention, we were never able to get the issue to the front in the national legislature. But in the last campaign they promised to call the special session."

"It has been a long road, but it has taught us cooperation. What we need to learn is what cooperation really means; better cooperation with your locals; later when we go into the expanded plan, the measure of cooperation is going to tell how fast we can proceed with that plan."

Why Farmers Got Short End
"After the war, when deflation took place, industry got together, labor got together, finance got together, all the elements of our national life got together—except the farmers. Had we been as well organized as industry was, we could have saved ourselves as they did. We did not have that organization. But I want to say to you that we have made wonderful progress along that line."

"It is necessary for us to get together in further organization. We must recognize that centralized control means more efficiency and larger returns. That is the kind of a world we live in. And he who refuses to recognize it is going to get the short end of the stick."

The speech of Mr. Don Geyer and other details of the meeting will be reported in Tuesday's issue.

Northbrook's Big Day Is Almost at Hand

Northbrook's big day, August 10th, is only about a week ahead and the whole town is alive with preparations for the event. The whole hearted cooperation which has always been a remarkable factor in the success of the day is everywhere in evidence and the various committees promise that when the band starts playing at 1:30 next Saturday afternoon everything will be set for the biggest Northbrook Day on record.

This week was marked by the sending out of the hundreds of letters which go every year to the citizens of Northbrook asking them to donate prizes for the registration booth. The generous response to his request in past years has made his booth a feature remembered by all from year to year.

The band, this year, will be one of the special attractions of the occasion. It is composed of a specially selected group of union musicians. Under the direction of Conrad Neumann, a musician of long experience, these men will not only lead the parade but will also offer an unusual program of concert music with special features which no one will want to miss.

The concert program will include such old favorites as Suppe's famous Poet and Peasant Overture, Meyerbeer's Coronation March, Elsberg's Mill in the Black Forest and Offenbach's Orpheus Overture. Anna Mirraea, well-known Petrusa Club artist will also contribute popular Russian songs.

The track and field committee has turned in a fine list of athletic events in which all the boys and girls of the region will have many opportunities to compete for medals and other attractive prizes.

There will be 25, 50 and 100 yard dashes, three leg races, spoon and potato races, broad jumps and indoor ball throwing contest. Both boys and girls events will be graded according to age from tiny tots up to mothers and fathers still thin enough to run 50 yards.

The pageant committee has listed many organizations which will present scenes from the history of the town. The auto committee reports that the Buick Master Six to be given away will be in town by his week-end. The purchasing committee has an array of prizes which will appeal to all.

Committee chairman in charge of the preparations this year include the following: Herman Meier, finance and tickets; W. R. Landwehr, purchasing; O. F. Mueller, buildings and grounds; Art Gartner, automobile; William Meyer, decorating; Conrad Neumann, band and parade; Mrs. Ruth Pettis, pageant of progress; Roy Lee, public safety and parking; E. D. Landwehr, publicity; William Clore, track and field; and G. S. Watson, flowers and gardens.

Women Coal Passers

Nagasaki, Japan, is the only place in the world where the boats are coated by women, who pass the buckets of coal up by hand in a human chain, swiftly and cheerfully.

ITASCA

Northbrook Day Is August 10th

One of the social activities of Itasca took place Sunday at the home of Mr. and Mrs. John Schuette in the form of a family reunion in honor of Mr. and Mrs. Leslie Carpenter and two children of Omaha, Neb., Mrs. Carpenter is a niece of Mrs. Schuette, enjoying a visit and vacation among relatives in Illinois. The guests were Mr. and Mrs. Leslie Carpenter and two children of Omaha, Neb., Mr. and Mrs. Ray Schumacher and children and Mr. Rueben Baker of Roselle; Mr. and Mrs. Louis Ollman and two children and Mr. and Mrs. Elmer Weichel and two children of Elgin; Mr. and Mrs. William Schuette, Mr. and Mrs. Paul Degankolb and family and Mr. and Mrs. George Bethel and Milton Schuette, of Itasca. There was much pleasure and merry making around the festive board as Mrs. Schuette served a noon day luncheon and an evening dinner.

Mrs. Rueben Baker was unable to be present as she was in the West Suburban hospital convalescing from a recent operation. Mr. and Mrs. John Schuette motored in to see her during the latter part of the day.

Mr. and Mrs. Frank Woodward and children have returned from their vacation trip to the Dakotas and Sunday entertained Mr. and Mrs. Clarence Kruse of Oak Park and Mr. and Mrs. Roy Adams of Austin, who enjoyed hearing about the recent trip, as they went by auto, and had much to talk about. Mrs. R. H. Breseman and children of Oak Park spent Friday at the Woodworth home. Mrs. Frank Woodward and children visited Austin friends Thursday.

Mr. and Mrs. Raymond Baruth and small son, Raymond, Jr., motored out from Maywood and visited the home folks Sunday. In the afternoon, they visited Mrs. Baruth's parents at Ontarioville, the Thomas Pierce family. In the evening the entire Baruth family were guests at the home of Mrs. Moos in Maywood. The guests included Mr. and Mrs. Don Smethurst of Itasca, also.

Mr. and Mrs. William Weber attended the wedding reception of one of Mr. Weber's business associates, William Noel, of the Van Shaack wholesale drug company, Wednesday evening at the home of the bride's parents, Mr. and Mrs. O'Neill, Chicago. Mr. Noel was married to Miss Colette O'Neill Wednesday afternoon at St. Gabriel church.

Mr. and Mrs. Amos Lock of LaGrange and Isa Miller of Bensenville, were week-end guests at the home of Mr. and Mrs. Don Smethurst.

Mr. and Mrs. C. von Gunten and son returned from their week's vacation in Canada, Sunday morning. They had a wonderful trip. On the return they motored during the heat wave Friday and Saturday. It would have been more pleasant had it been cooler. However, they visited with Mr. von Gunten's people at Blenheim, Ontario, and scenic places of that locality.

Miss Marjorie Schroeder has returned from her western tour where she visited the scenic places of Washington during the past month. While in that state, she made her headquarters at the home of her uncle and wife, Mr. and Mrs. Thomas Van Gelder. Mr. Van Gelder was one of our Itasca young men and brother of Mrs. G. F. Schroeder, who went west a few years ago entered into business at Bellingham, Washington, married and resides there. Miss Schroeder visited several places of interest in Washington—Seattle, Spokane, Mt. Ranier and Victoria on Vancouver Island. Some of the sports in that vicinity are boating and horseback riding. Miss Schroeder availed herself of the opportunity of a boat trip from Victoria to Seattle and a horseback ride up Mt. Ranier. Seems rather incongruous when one talks of snow falling in July, while we are sweltering with the heat however that is just what they did in Mt. Ranier.

Carl Petersen has just returned from a two week's vacation in So. Dak., and Miss Fay Petersen from Marion, Ohio. Jacqueline and Claudio are vacationing in Chicago and enjoying the thrills of city life. The city cousins are visiting in the Peterson home and are interested in country life. Miss Gerry of Chicago is also a guest this week.

Mrs. William Wilke motored to Chicago Sunday and brought her mother, Mrs. Nichols to her home there Sunday.

The program committee of the V. F. W. will hold a special meeting at the home of Mrs. McKenzie, Friday afternoon at 2:30 p.m.

William Weber and family and Miss Lydia Weber went on an afternoon jaunt and evening picnic Saturday in Cook county forest preserve. Mr. and Mrs. Henry Weber and their son and wife, Mr. and Mrs. Chester Weber, motored out from Chicago Tuesday evening and ate dinner with their mother, Mrs. Minnie McCarthy. They were accompanied by Mrs. Chester Weber's mother. The country is most appealing in the summer time and fortunate are those having relatives and friends in the country. Mrs. McCarthy and Miss Lydia Weber spent Wednesday in Oak Park at the home of Mrs. Jacobus.

Mrs. William Hanke is steadily improving at the hospital where she went for treatment.

Mrs. Leo Hamilton and son, Richard, returned from their vacation trip to California this week. Mr. Hamilton reached home last week accompanied by son, John. Because of illness, Mrs. Hamilton was obliged to remain there until able to travel.

Mr. and Mrs. Marshall Bellar of Clinton, Iowa, and Mr. and Mrs. Robert Ward of Elgin, motored to Itasca, Sunday and were guests at the home of William Weber.

The Missionary society of the Evangelical church is being held this week at the home of Mrs. U. S. Baker. Miss Allen, a missionary among the mountain whites, is the principal speaker. There are other guests and speakers. A detailed account of this summer meeting will be given next week.

BENSENVILLE

Mr. Herman Tohn, who has been nursing a very badly swollen hand and arm is again able to resume his duties as piano tuner and musician. All glad to see Herman able to return to his work.

Born to Mr. and Mrs. Kenneth Lehr, Saturday, July 27, a son, at the Presbyterian hospital in Chicago. Mother and son doing nicely.

Mrs. Falvey and daughter accompanied by Miss Beata Ernsting took advantage of the excursion to the Dells of the Wisconsin River at Kilbourn City last Sunday. They all report having enjoyed the scenery as well as the trip and day.

Thomas Freeman, his son, Junior G. E. Sampson and son, Gerald were among those who attended the Cub-Philly game at Wrigley Field last Monday and saw Hack Wilson's 28th home run of the season win the 8th straight game for the Cubs.

The Warren Lee family returned from their western auto trip Monday evening. They report having had a fine time driving thru and visiting Minnesota, Iowa and Wisconsin.

The Klevan family returned from their week's visit at the Indiana Sand Dunes. Each exhibited a good coat of tan such as you can readily acquire out on the sand in the sun.

Mr. and Mrs. Harvey Cregmire and Mrs. Madill and son and daughter enjoyed the scenery around Elgin, St. Charles and Lombard Monday.

Miss Janis Gable has spent two weeks in Condro, Ill. And, Oh! Boy did she have a good time. The boy scouts helped to decorate the stage. The camp misfit was Ethel Schielenburg. The camp fire girls made enough money to pay for all the expenses. The play was given on Nielsen's lawn.

In the first and second acts the camp fire girls all wore their mid-dies and skirts. In the third act they all wore ceremonial gowns. The play lasted for about two hours. For refreshments we had candy and rootbeer. The camp fire girls made the candy and our guard girls made the rootbeer.

On Monday, July 22, 1929, the camp fire girls gave a watermelon party on the Boy Scouts. We played many games and had lots of fun. About nine-thirty the watermelon was served. We all went home about ten o'clock. The Camp Fire Girls are planning to give another play, and we hope it will be a success.

ORGANIZE FARMERS IN BIG OUTING

(Continued From Page One) cause they have not produced enough, Mr. Thompson declared. In 25 years, industry had produced 47 percent more for man; agriculture 46 per cent more. Production in agriculture has increased 15 per cent in five years. "But have we benefited by more production?"

"It is more difficult to control production in Agriculture than in Industry."

Quality O. K.

"You have submitted your herds to the tuberculin test for pure milk, and you have met the challenge for a standardized product."

Distribution at Fault

"When you begin to compare the distribution of products of industry with that of the products of American agriculture, there is not one iota of difference in principle. It is not because you are inefficient in production; and not because you have not a standardized product; it is because you have not contolled the price of your own product."

Next Big Forward Movement

"We are going to apply business principles that are applied in distributing the products of industry. But when we came to the state legislature and asked for corporation laws that would enable the farmers to control their own products, we were called 'radical,' 'socialistic.' Arguing for the cooperative producer control in the marketing of his own products has brought farm marketing to the attention of the nation. In the last session of congress it has been kept to the front by organized agriculture. Until the last convention, we were never able to get the issue to the front in the national legislature. But in the last campaign they promised to call the special session."

"It has been a long road, but it has taught us cooperation. What we need to learn is what cooperation really means; better cooperation with your locals; later when we go into the expanded plan, the measure of cooperation is going to tell how fast we can proceed with that plan."

Why Farmers Got Short End

"After the war, when deflation took place, industry got together, labor got together, finance got together, all the elements of our national life got together—except the farmers. Had we been as well organized as industry was, we could have saved ourselves as they did. We did not have that organization. But I want to say to you that we have made wonderful progress along that line."

The speech of Mr. Don Geyer and other details of the meeting will be reported in Tuesday's issue.

Northbrook's Big Day Is Almost at Hand

Northbrook's big day, August 10th, is only about a week ahead and the whole town is alive with preparations for the event. The whole hearted cooperation which has always been a remarkable factor in the success of the day is everywhere in evidence and the various committees promise that when the band starts playing at 1:30 next Saturday afternoon everything will be set for the biggest Northbrook Day on record.

This week was marked by the sending out of the hundreds of letters which go every year to the citizens of Northbrook asking them to donate prizes for the registration booth. The generous response to his request in past years has made his booth a feature remembered by all from year to year.

The band, this year, will be one of the special attractions of the occasion. It is composed of a specially selected group of union musicians. Under the direction of Conrad Neumann, a musician of long experience, these men will not only lead the parade but will also offer an unusual program of concert music with special features which no one will want to miss.

The concert program will include such old favorites as Suppe's famous Poet and Peasant Overture, Meyerbeer's Coronation March, Elsberg's Mill in the Black Forest and Offenbach's Orpheus Overture. Anna Mirava, well-known Petrusa Club artist will also contribute popular Russian songs.

The track and field committee has turned in a fine list of athletic events in which all the boys and girls of the region will have many opportunities to compete for medals and other attractive prizes. There will be 25, 50 and 100 yard dashes, three leg races, spoon and potato races, broad jumps and indoor ball throwing contest. Both boys and girls events will be graded according to age from tiny tots up to mothers and fathers still thin enough to run 50 yards.

The pageant committee has listed many organizations which will present scenes from the history of the town. The auto committee reports that the Buick Master Six to be given away will be in town by his week-end. The purchasing committee has an array of prizes which will appeal to all.

Committee chairman in charge of the preparations this year include the following: Herman Meier, finance and tickets; W. R. Landwehr, purchasing; O. F. Mueller, buildings and grounds; Art Gartner, automobile; William Meyer, lecturing; Conrad Neumann, band and parade; Mrs. Ruth Pettis, pageant of progress; Roy Lee, public safety and parking; E. D. Landwehr, publicity; William Clure, track and field; and G. S. Watson, flowers and gardens.

ITASCA

Northbrook Day Is August 10th

One of the social activities of Itasca took place Sunday at the home of Mr. and Mrs. John Schuette in the form of a family reunion in honor of Mr. and Mrs. Leslie Carpenter and two children of Omaha, Neb., Mr. and Mrs. Leslie Carpenter and two children of Omaha, Neb., Mrs. Carpenter is a niece of Mrs. Schuette, enjoying a visit and vacation among relatives in Illinois. The guests were Mr. and Mrs. Leslie Carpenter and two children of Omaha, Neb., Mr. and Mrs. Ray Schammerhorn and children and Mr. Rueben Baker of Roselle; Mr. and Mrs. Louis Ollman and two children and Mr. and Mrs. Elmer Weichsel and two children of Elgin; Mr. and Mrs. William Schuette, Mr. and Mrs. Paul Degankol and family and Mr. and Mrs. George Bethel and Milton Schuette, of Itasca. There was much pleasure and merry making around the festive board as Mrs. Schuette served a noon day lunch and an evening dinner.

Mrs. Rueben Baker was unable to be present as she was in the West Suburban hospital convalescing from a recent operation. Mr. and Mrs. John Schuette motored in to see her during the latter part of the day.

Mr. and Mrs. Frank Woodworth and children have returned from their vacation trip to the Dakotas and Sunday entertained Mr. and Mrs. Clarence Kruse of Oak Park and Mr. and Mrs. Roy Adams of Austin, who enjoyed hearing about the recent trip, as they went by auto, and had much to talk about.

Mrs. R. H. Breseman and children of Oak Park spent Friday at the Woodworth home. Mrs. Frank Woodworth and children visited Austin friends Thursday.

Mr. and Mrs. Raymond Baruth and small son, Raymond, Jr., motored out from Maywood and visited the home folks Sunday. In the afternoon, they visited Mrs. Baruth's parents at Ontarioville, the Thomas Pierce family. In the evening the entire Baruth family were guests at the home of Mrs. Mous in Maywood. The guests included Mr. and Mrs. Don Smetzler of Itasca, also.

Mr. and Mrs. William Weber attended the wedding reception of one of Mr. Weber's business associates, William Noel, of the Van Shaack wholesale drug company, Wednesday evening at the home of the bride's parents, Mr. and Mrs. O'Neill, Chicago. Mr. Noel was married to Miss Colette O'Neill, Wednesday afternoon at St. Gabriel church.

Mr. and Mrs. Amos Loek of LaGrange and Isa Miller of Bensenville, were week-end guests at the home of Mr. and Mrs. Don Smetzler.

Mr. and Mrs. C. von Gunten and son returned from their week's vacation in Canada, Sunday morning.

They had a wonderful trip. On the return they motored during the heat wave Friday and Saturday. It would have been more pleasant had it been cooler. However, they visited with Mr. von Gunten's people at Blenheim, Ontario, and scenic places of that locality.

Miss Marjorie Schroeder has returned from her western tour where she visited the scenic places of Washington during the past month.

While in that state, she made her headquarters at the home of her uncle and wife, Mr. and Mrs. Thomas Van Gelder. Mr. Van Gelder was one of our Itasca young men and brother of Mrs. G. F. Schroeder, who went west a few years ago entered into business at Bellingham, Washington, married and resides there. Miss Schroeder visited several places of interest in Washington—Seattle, Spokane, Mt. Rainier and Victoria on Vancouver Island. Some of the sports in that vicinity are boating and horseback riding. Miss Schroeder availed herself of the opportunity of a boat trip from Victoria to Seattle and a horseback ride up Mt. Rainier. Seems rather incongruous when one talks of snow balling in July, while we are sweltering with the heat; however that is just what they did on Mt. Rainier.

Carl Petersen has just returned from a week's vacation in So. Dak., and Miss Fay Petersen from Marion, Ohio; Jacqueline and Claudine are vacationing in Chicago and enjoying the thrills of city life. The city cousins are visiting in the Petersen home and are interested in country life. Miss Gerry of Chicago is also a guest this week.

Mrs. William Wilke motored to Chicago Sunday and brought her mother, Mrs. Nichols to her home in Somav.

The program committee of the Chas. J. Homeyer will hold a special meeting at the home of Mrs. McKenzie, Friday afternoon at 2:30 p.m.

William Weber and family and Miss Lydia Weber went on an afternoon jaunt and evening picnic Saturday in Cook county forest preserve. Mr. and Mrs. Henry Weber and their son and wife, Mr. and Mrs. Chester Weber, motored out from Chicago Tuesday evening and ate dinner with their mother, Mrs. Minnie McCarthy. They were accompanied by Mrs. Chester Weber's mother. The country is most appealing in the summer time and favorite are those having relatives and friends in the country. Mrs. McCarthy and Miss Lydia Weber spent Wednesday in Oak Park at the home of Mrs. Jacobus.

Mrs. William Hanke is steadily improving at the hospital where she went for treatment.

Mrs. Leo Hamilton and son, Richard, returned from their vacation trip to California this week. Mr. Hamilton reached home last week accompanied by son, John. Because of illness, Mrs. Hamilton was obliged to remain there until able to travel.

On Thursday of last week quite a happy Birthday party took place at the home of Mr. H. Kieper when Miss Ethel celebrated her 12th birthday with quite a large number of relatives and friends. Many jolly games were played, and pretty prizes awarded. The pretty table with lots of good things to eat was decorated in white and yellow.

Many of our folks are enjoying a swim at the Dam, these warm nights. Well, it's a good place to go, seeing its the only place one can "keep cool".

All is well, that ends well, but it can be said now, that the races have ended, there will be more big Sunday dinners again.

On account of the sad bereavement of Mr. and Mrs. Ernst Busse in the loss of their youngest child, the picnic to Sylvan Lake for the Ladies Aid, then the courtesy of the ladies of the Busse family has been postponed until August 8.

The regular monthly meeting of the Concordia Mutual Benefit league, will be held on Monday, evening at 8 o'clock at St. Paul's school. The officers would like to see a nice turn out.

Our deep sympathy is extended to Mr. and Mrs. Israel and family in the recent death of Mrs. Israel's mother, of Chicago.

Mrs. Otto Ratecke, entertained her evening bunco club on Thursday evening at her home. Some very enjoyable hours were spent.

Mrs. Herman Heide and children are spending a few days with relatives at Itasca.

The Mount Prospect Harmonica club will resume rehearsals this evening (Friday) after vacation. The director wishes to take this opportunity of hoping for a 100 percent attendance. This organization, founded last October, has shown rapid progress, and it is hoped they will continue to do so.

Many friends of Dr. Koester are happy to learn that she will be back from her European tour within the next week.

Rev. J. E. Mueller and family are spending a two weeks' vacation at Sylvan Lake resort, at the Wm. Busse cottage. During his absence, guest ministers will occupy the pulpit. In case of pastoral calls, call Rev. Carl Eissfeldt at 861-J.

Quite a number of our youngsters, greatly enjoyed Ringling Brothers, Barnum and Bailey Circus, at Grant Park. Gee, wouldn't you like to be a "kid" again?

The building committee of the Lutheran school met Wednesday evening and signed a contract with William Schott to finish the work of J. H. Gors on the school building.

Walter Gosch, Walter Kirchhoff, Harold Klopp and Ed. Kirchhoff toured the southern half of Wisconsin, Wednesday without a mishap or puncture and were much impressed with the beautiful scenery.

Ernest Gosch is busy this week landscaping the Model Home at Cumberland which will be opened to the public this Sunday, August 4th.

Geo. Neitke of the Highway Grocery is one of the families moving into Cumberland, which is within the city of DesPlaines, who says Mt. Prospect merchants are not Progressive?

Mrs. Kinsel wife of our local baker buried her sister yesterday and Mrs. Knopp also buried a niece. Both funerals were held in Chicago.

The Mt. Prospect Infant Welfare conference will be held on Wednesday morning, August 7, at the Mt. Prospect public school from 10 a. m. to 12 a. m.

As the nurse of this locality is going on her vacation, the change has been made in the date, from the second Wednesday of the month to the first Wednesday of the month.

Old improvements on the land are to be remodeled into the first unit of a clubhouse, Mr. Olsen said, and this building is to be opened to the membership this fall. Ultimately other wings will be added and a swimming pool installed. A. C. W. Buckett is architect. Forty acres are to be subdivided to provide sites for summer homes for the membership.

The club now has eighty-five members. Kent Alcorn is president and the following comprise the board of directors: Mr. Alcorn, Henry N. Miller, Dr. Francis A. Dulak, Leo Hamer, Dr. Walter E. Gogin, Bernard Brozowsik, James Biednicki, Glenn A. Moureau and Dr. Philo F. Snyder."

The DesPlaines Dodgers paid our A. C.'s a visit last Sunday and by one run margin they "carried the bacon". As the score of 7-6 would indicate it was a very close game, as well it was a real treat to the fans. This defeat does not dishearten our nine, but the fans should make it a point to help win the games with their cheers. So let's all be there for the next affair.

Attorney Weiss Family Return from Vacation

Attorney Walter W. Weiss and family returned home Tuesday evening from their vacation in Virginia, where they visited Mrs. Weiss' parents. The 2000 mile trip was made by car and then the eastern mountain chain where Mr. Weiss states some of the most beautiful scenery in the country is located.

It is evident that the trip was entirely too short from the amount of enjoyment received during the time on the road, as well as the welcome home received by them.

Report Activity on Western Fields, New Itasca Golf Club

The accompanying story which appeared in the Chicago press this week, gives the impression that there is going to be some activity upon the former Rosenwinkel and Tonne farms, although the article itself is not of a membership propo-

aganda as similar stories about the same club have appeared in the Chicago press a number of times.

Another country club to make its bow in the Chicago district is the Western Fields Country club which has under contract a tract of 181 acres immediately south of the village of Itasca, between Parkside avenue, formerly Mill road, and Itasca road.

"This tract is a part of the 350 acres acquired some time ago by the Physicians Fellowship Trust—a syndicate composed of forty west and northwest side doctors.

"According to E. Raymond Olsen, the club ultimately will have a twenty-seven hole golf course. Mr. Olsen said the contract for the improvement of the grounds will be let to the United States Golf Architects, Inc., and it is hoped to have nine holes ready for play next year."

"Old improvements on the land are to be remodeled into the first unit of a clubhouse, Mr. Olsen said, and this building is to be opened to the membership this fall. Ultimately other wings will be added and a swimming pool installed. A. C. W. Buckett is architect. Forty acres are to be subdivided to provide sites for summer homes for the membership.

The club now has eighty-five members. Kent Alcorn is president and the following comprise the board of directors: Mr. Alcorn, Henry N. Miller, Dr. Francis A. Dulak, Leo Hamer, Dr. Walter E. Gogin, Bernard Brozowsik, James Biednicki, Glenn A. Moureau and Dr. Philo F. Snyder."

Auxiliary Machinery Keeps up Water Supply After Accident to Pump

Altho many Mt. Prospect people knew nothing about it, on Wednesday the big pump gave out, snapping a 4-inch rod. The water supply was kept up by the smaller pump and work on the larger pump was continued into the late hours so as to protect the village from fire hazards.

There have been a few people who noticed the low pressure, but they thought nothing of it, attributing the shortage to flushing of mains on account of new construction. We take our hats off to our superintendent who worked hard to protect the village.

PASSES TO GREAT BEYOND—

Mrs. Dora Meyer of Chicago passed away Saturday morning, July 27, 1929 at the home of her youngest daughter. The deceased was 83 years of age. The cause of her death was old age. On Thursday of last week quite a happy Birthday party took place at the home of Mr. H. Kieper when Miss Ethel celebrated her 12th birthday with quite a large number of relatives and friends. Many jolly games were played, and pretty prizes awarded. The pretty table with lots of good things to eat was decorated in white and yellow.

Many of our folks are enjoying a swim at the Dam, these warm nights. Well, it's a good place to go, seeing its the only place one can "keep cool".

All is well, that ends well, but it can be said now, that the races have ended, there will be more big Sunday dinners again.

On account of the sad bereavement of Mr. and Mrs. Ernst Busse in the loss of their youngest child, the picnic to Sylvan Lake for the Ladies Aid, then the courtesy of the ladies of the Busse family has been postponed until August 8.

The regular monthly meeting of the Concordia Mutual Benefit League, will be held on Monday, evening at 8 o'clock at St. Paul's school. The officers would like to see a nice turn out.

Our deep sympathy is extended to Mr. and Mrs. Israel and family in the recent death of Mrs. Israel's mother, of Chicago.

Mrs. Otto Ratecke, entertained her evening bunco club on Thursday evening at her home. Some very enjoyable hours were spent.

Mrs. Herman Heide and children are spending a few days with relatives at Itasca.

The Mount Prospect Harmonica club will resume rehearsals this evening (Friday) after vacation. The director wishes to take this opportunity of hoping for a 100 percent attendance. This organization, founded last October, has shown rapid progress, and it is hoped they will continue to do so.

Many friends of Dr. Koester are happy to learn that she will be back from her European tour within the next week.

Rev. J. E. Mueller and family are spending a two weeks' vacation at Sylvan Lake resort, at the Wm. Busse cottage. During his absence, guest ministers will occupy the pulpit. In case of pastoral calls, call Rev. Carl Eissfeldt at 861-J.

Quite a number of our youngsters, greatly enjoyed Ringling Brothers, Barnum and Bailey Circus, at Grant Park. Gee, wouldn't you like to be a "kid" again?

The building committee of the Lutheran school met Wednesday evening and signed a contract with William Schott to finish the work of J. H. Gors on the school building.

Walter Gosch, Walter Kirchhoff, Harold Klopp and Ed. Kirchhoff toured the southern half of Wisconsin, Wednesday without a misfortune or puncture and were much impressed with the beautiful scenery.

Ernest Gosch is busy this week landscaping the Model Home at Cumberland which will be opened to the public this Sunday, August 4th.

Geo. Neitke of the Highway Grocery is one of the families moving into Cumberland, which is within the city of DesPlaines, who says Mt. Prospect merchants are not progressive?

Mrs. Kinsel wife of our local baker buried her sister yesterday and Mrs. Knopp also buried a niece. Both funerals were held in Chicago.

The Mt. Prospect Infant Welfare conference will be held on Wednesday morning, August 7, at the Mt. Prospect public school from 10 a. m. to 12 a. m.

As the curse of this locality is going on her vacation, the change has been made in the date, from the second Wednesday of the month to the first Wednesday of the month.

The DesPlaines Dodgers paid our A. C.'s a visit last Sunday and by a one run margin they "carried home the bacon". As the score of 7-6 would indicate it was a real treat to the fans. This defeat does not dishearten our nine, but the fans should make it a point to help win the games with their cheers. So let's all be there for the next affair.

The Progress Jrs. won a twilight mixer from the DesPlaines Cardinals on Sunday.

The Board of Directors of the C. C. F. M. Ins. Co., held their second quarterly meeting Saturday evening at the home of Aug. Geweke. Comparing figures with last year there is a material increase in new membership and premiums collected to date since the first of the year which shows that even in their busiest season the farmers and gardeners do not fail to think of safety first when they buy new cars or trucks.

From Mrs. Harry Nielsen and children, motoring through the southern states visiting relatives, comes word that they are having a wonderful trip and no trouble. One sad feature of their trip, however was the death of a brother of Mrs. Nielsen, living in Texas. By a strange coincidence the folks from Illinois arrived in that town in time to see him before his death.

A jolly time was had Saturday evening, July 27, at the home of Mr. and Mrs. John Jonas, where a large crowd of relatives and friends had gathered to help the Jonas' celebrate their twentieth wedding anniversary. Cards and dancing were the chief amusements and kept the crowd going until quite early Sunday morning. Many lovely

The two Elmers, Steil and Stoll rolled in late Saturday night from their trip to Colorado, tired and dusty, but reporting a most enjoyable time. They covered 2,325 miles both ways, with paved roads the greater part of the way and well conditioned gravel highways the remainder. Aside from several flat tires their Ford gave them practically no trouble and stood the trip as well as they. A few of the mountain trips they enjoyed were up Lookout Mountain to the grave of Buffalo Bill, to Estes Park and Colorado Springs with the famous Garden of the Gods and Seven Falls and other short trips around Denver. They also took in Rodeo at Cheyenne, Wyoming where they saw some real wild west exhibitions.

East Maine Evens Scores with Glenview

East Maine and Glenview clashed bats for the second time this season on the latter's diamond Sunday and this time Red Jacobs pitched his team to a 17-5 victory over Glenview. And those five runs were all scored in the third inning when the defense weakened for a short time. Scoring every inning but the first, East Maine had polled 5 runs off 9 hits by the end of their half of the third, so that the Glenview scores in the second half tied the score. Cook, lead off for East Maine, drew a pass in the fourth and successfully stole all bases and home giving the locals the lead 6-5. Names increased this lead by one more in the fifth and in the sixth 13 men faced the Glenview pitcher amassing 10 hits and 9 runs. In short that big inning went something like this. Cooke hit safe, Barber singled and Cook scored from second. Behrens hit a double scoring Barber, and Christ came home when Bud Wilson's hard hit single was stretched into a two-bagger by the shortstop's fumble. Rolla singled scoring Bud and Archam fanned for the first out. Names got a hit, stole second and third and came home on a safe hit by "Lefty" Tamillo who had been called to replace Teddie Mueller at second. Lefty, unwary, was nabbed off first for the second out. To start the batting order over again Cook walked, Barber singled and Behrens with another double cleared the sacks, but Wilson's short fly beat him to first and that was that. And then in the last inning, (only seven innings being played) just for fun and to show that he could do it if he wanted to, Charley Rolla sailed a smashing liner far out into the field for a home run. Evidently content with a 12 run lead, Archam popped one to first. Names was out pitched to first and Lefty aimed one at the centerfielder who plucked the ball out of the atmosphere and held it. 17 runs, 23 hits and 7 errors.

Glenview went hitless until the third when Scharf singled, Reimer's offering to third was dropped by Names. Both runners scored when a line drive to deep left was dropped by Rolla. The next two men struck out, Braun doubled scoring Estes. Tagtmeyer singled, went to second on Van Steenberg's hit and crossed third and home when Muller at short lost his bearings for a moment and made a wild overthrow to third. Van, however, was made out before he reached home. After that Red Jacobs allowed them but that was that. And then in the last inning, (only seven innings being played) just for fun and to show that he could do it if he wanted to, Charley Rolla sailed a smashing liner far out into the field for a home run. Evidently content with a 12 run lead, Archam popped one to first. Names was out pitched to first and Lefty aimed one at the centerfielder who plucked the ball out of the atmosphere and held it. 17 runs, 23 hits and 7 errors.

"Sophie" Stoffel, out of baseball because of injuries, was back at the game and proved to be the star rooter and cheer leader of the afternoon. Next Sunday a hard game will be played on the Niles Center diamond at Oakton street with the Niles Center team who, several weeks ago defeated East Maine 9 to 1, and the local boys are expecting to even up this score too.

Bensenville Woman Nearly Drowns at Beverly Lake Mo.

Last Sunday our local baker, Mr. Joe Roemmelt took his family to Beverly Lake for an outing. During the day Mrs. Roemmelt, her husband with others were enjoying the coolness of the water. Mrs. R. who is not an experienced swimmer had an air filled preserver around her waist outside her bathing suit. She had reached deep water when in some way the air escaped from the preserver and she sank below the water. As she was going down for the last time her husband managed to reach her and after being pulled underneath also managed to save both himself and wife.

When asked how a drowning person feels, Mrs. Roemmelt stated that as she was going down she realized that that was the last and her time had come to pass away. She lost consciousness and when she again revived was surprised to learn that she had been rescued.

It was a very narrow escape and for several days she felt the effects of it.

Her advice to all entering the various bathing places is, "If you cannot swim good, don't depend too much on life preservers." And her advice should be heeded by all.

Hundreds of our people visit the bathing places every day and do hope that we can go thru the entire year without having to report a single accident.

NORTHBROOK

Northbrook Day Committee Appointments

Mrs. Chester Schwardt is enjoying two weeks in Galesburg with friends. Miss Betty is staying with her grandparents, Mr. and Mrs. John Augard.

Mrs. Freda Klaner has her father, Mr. Newbert staying with her for several weeks. Mr. Newbert celebrated his 79th birthday anniversary last Monday and was well remembered by his many friends. Their cousin from Chicago were among the many guests of the day.

Mr. and Mrs. Arthur Therrien celebrated their wedding anniversary last Thursday, July 25, and their granddaughter, Jeanne Gartner, celebrated her birthday anniversary. A very pleasant time was reported as both parties enjoyed the show at the Granada Theatre.

Mrs. Klaner has her cousins from Chicago as Sunday guests.

Mr. and Mrs. Henry Therrien had as Sunday guests Mr. A. Maischaidt of Cincinnati, Ohio. Mr. and Mrs. Charles Alspit of Evanston, and Mr. and Mrs. E. J. Hoffman and daughter, Esther, of Wilmette.

Mrs. Haut and children of Chicago and Mrs. Arthur Gartner and children, enjoyed a very pleasant time at Gages Lake, last Monday.

Mr. and Mrs. William Karstetter were the week-end guests of their friends, the Curtis family, in Chicago.

Mr. and Mrs. John Martell are touring Missouri and will be on a motor trip for over two weeks. They expect to visit Rev. Fr. Reichelt at Jackson, Mississippi, formerly of Techy.

BENSENVILLE PEOPLE HAVE CLOSE CALL

Last week while Gustave Landmeier and wife, Walter Mittelheuser, wife and baby were returning from a camping spot in northern Wisconsin, and when about ten miles north of Fon du Lac, Wisconsin they collided with new Ford car driving in opposite direction. Walter, who was driving, noticed the car coming towards them and at a distance of about 100 yards the oncoming car had both right wheels off the pavement but soon afterwards the driver of the Ford, a young lady accompanied by her parents, evidently tried to get back onto the paving. Mr. Mittelheuser pulled his car off the hard road to his right and stopped just as the Ford hit his car broadside.

The big Chrysler "80" stood the shock quite well but the occupants of both cars were badly shaken up. Mrs. Landmeier was thrown, striking her head on the side of the car and she was the most seriously injured of any of the party. Baby Gordon was reclining in a hammock hung on the back of the front seat and while badly shaken up and somewhat squeezed in the tumbling around that occurred was within a few minutes found to be uninjured by the accident.

All were taken to a physician at Fond du Lac and when found that he could do it if he wanted to, Charley Rolla sailed a smashing liner far out into the field for a home run. Evidently content with a 12 run lead, Archam popped one to first. Names was out pitched to first and Lefty aimed one at the centerfielder who plucked the ball out of the atmosphere and held it. 17 runs, 23 hits and 7 errors.

Get Flowers Ready
For Northbrook Day

At a meeting of the Flower Committee, last Monday night, details were completed for the judging of all flower beds and flowers, entered in the Northbrook Day prize contest.

All flower gardens and zinnias beds will be judged on Friday afternoon, August 9th, between the hours of 2 and 4.

A committee of three competent judges will visit each garden entered in the contest.

All having either a flower garden or a zinnia bed to enter must sign the entry blank in the postoffice or notify by telephone

Mr. E. D. Landwehr or Mr. Otto Funke, not later than Thursday of next week.

The cut flowers will all be judged on Saturday. As heretofore, all cut flowers, both zinnias and other flowers, must be brought to and entered at the Flower Booth in the Grove, on Saturday morning, between 9 and 11 o'clock.

Winners of all prizes will be announced, and the prizes awarded early in the afternoon on

Northbrook day. Cash prizes will be awarded for the following:

Prettiest and best blooming flower Garden—1st and 2nd prizes—\$8 and \$4.

Prettiest bed of blooming Northbrook Zinnias.

1st, 2nd and 3rd prizes—\$5, \$3, and \$2.

Prettiest bunch of cut flowers (3 or more kinds)—\$4 and \$2.

Prettiest bunch of cut flowers (1 variety or kind)—\$3 and \$2.

Prettiest bunch of Northbrook Zinnias (3 to 6)—\$4 and \$2.

Prettiest bunch (one Zinnia (cut or in a pot)—\$3 and \$2.

The following classes are open to the whole North Shore area:

Prettiest bunch of cut flowers (3 or more kinds)—1st prize \$2.00.

Prettiest bunch of Cut Flowers (1 kind)—\$3.00.

EAST MAINE

Sunday school in St. Matthews Lutheran church will start at 9 a.m. Sunday morning, August 4.

Miss Alma Finnern spent several days last week visiting with Miss Lillian Mensching at the home of the latter's sister, Mrs. C. Wille of Des Plaines, while the Wille's and Ed. Mensching's were visiting relatives in Iowa.

The Board of Directors of the C. C. F. M. Ins. Co., held their second quarterly meeting Saturday evening at the home of Aug. Geweke. Comparing figures with last year there is a material increase in new membership and premiums collected to date since the first of the year which shows that even in their busiest season the farmers and gardeners do not fail to think of safety first when they buy new cars or trucks.

From Mrs. Harry Nielsen and children, motoring through the southern states visiting relatives, comes word that they are having a wonderful trip and no trouble. One sad feature of their trip, however, was the death of a brother of Mrs. Nielsen, living in Texas. By a strange coincidence the folks from Illinois arrived in that town in time to see him before his death.

A jolly time was had Saturday evening, July 27, at the home of Mr. and Mrs. John Jonas, where a large crowd of relatives and friends had gathered to help the Jonas' celebrate their twentieth wedding anniversary. Cards and dancing were the chief amusements and kept the crowd going until quite early Sunday morning. Many lovely

gifts of china ware were presented the happy couple along with the congratulations and best wishes of the crowd for many more happy years of wedded life together.

The two Elmers, Stell and Stoll rolled in late Saturday night from their trip to Colorado, tired and dusty, but reporting a most enjoyable time. They covered 2,335 miles both ways, with paved roads the greater part of the way and well conditioned gravel highways the remainder. Aside from several flat tires their Ford gave them practically no trouble and stood the trip as well as they. A few of the mountain trips they enjoyed up Lookout Mountain to the grave of Buffalo Bill, to Estes Park and Colorado Springs with the famous Garden of the Gods and Seven Falls and other short trips around Denver. They also took in Rodeo at Cheyenne, Wyoming where they saw some real wild west exhibitions.

The proposed party to be given by the "Wally Club" at Gahagan's Barn, Saturday evening, August 3, has been called off until further notice.

Oren Jaacks has again opened his roadside market now that Milwaukee avenue has been opened for through traffic. He has been busy enlarging and putting in improvements and is ready to give to his customers the service and quality which made his stand so popular last season.

East Maine Evens Scores with Glenview

East Maine and Glenview clashed bats for the second time this season on the latter's diamond Sunday and this time Red Jacobs pitched his team to a 17-5 victory over Glenview. And those five runs were all scored in the third inning when the defense weakened for a short time. Scoring every inning but the first, East Maine had polled 5 runs off 9 hits by the end of their half of the third, so that the Glenview scores in the second half tied the score. Cook, lead off for East Maine, drew a pass in the fourth and successfully stole all bases and home giving the locals the lead 6-5. Names increased this lead by one more in the fifth and in the sixth 13 men faced the Glenview pitcher amassing 10 hits and 9 runs. In short that big inning went something like this. Cooke hit safe, Barber singled and Cook scored from second. Behrens hit a double scoring Barber, and Christ came home when Bud Wilson's hard hit single was stretched into a two-bagger by the shortstop's fumble. Rolla singled scoring Bud and Archam fanned for the first out. Names got a hit, stole second and third and came home on a safe hit by "Lefty" Tamillo, who had been called to replace Eddie Mueller at second. Lefty, unwary, was nabbed off first for the second out. To start the batting order over again Cook walked, Barber singled and Behrens with another double, cleared the sacks, but Wilson's short fly beat him to first and that was that. And then in the last inning, (only seven innings being played) just for fun and to show that he could do it if he wanted to, Charley Rolla sailed a smashing liner far out into the field for a home run. Evidently content with a 12 run lead, Archam popped one to first, Names was out pitched to first and Lefty aimed one at the centerfielder who plucked the ball out of the atmosphere and held it. 17 runs, 23 hits and 7 errors.

Glenview went hitless until the third when Scharf singled, Reimer's offering to third was dropped by Names. Both runners scored when a line drive to deep left was dropped by Rolla. The next two men struck out, Braun doubled scoring Estes. Tagtmeier singled, went to second on Van Steenberg's hit and crossed third and home when Mueller at short lost his bearings for a moment and made a wild overthrow to third. Van, however, was made out before he reached home. After that Red Jacobs allowed them but 2 more hits and no runs, giving them a count of 5 runs, 6 hits and 1 error.

Home run—Rolla; two base hits—Behrens (2), Rolla, Archam (2), Names (2), Braun; bases on balls: Off Reimer 1; off O'Keefe, 2; struck out by Jacobs 12, by Reimer 3, by O'Keefe 4.

"Sophie" Stoffel, out of baseball because of injuries, was back at the game and proved to be the star rooter and cheer leader of the afternoon. Next Sunday a hard game will be played on the Niles Center diamond at Oakton street with the Niles Center team who, several weeks ago defeated East Maine 9 to 1, and the local boys are expecting to even up this score too.

BENSENVILLE PEOPLE HAVE CLOSE CALL

Last week while Gustave Landmeier and wife, Walter Mittelheuser, wife and baby were returning from a camping spot in northern Wisconsin, and when about ten miles north of Fon du Lac, Wisconsin they collided with a new Ford car driving in opposite direction.

Walter, who was driving, noticed the car coming towards them and at a distance of about 100 yards the oncoming car had both right wheels off the pavement but soon afterwards the driver of the Ford, a young lady accompanied by her parents, evidently tried to get back onto the paving. Mr. Mittelheuser pulled his car off the hard road to his right and stopped just as the Ford hit his car broadside.

The big Chrysler "80" stood the shock quite well but the occupants of both cars were badly shaken up. Mrs. Landmeier was thrown, striking her head on the side of the car and she was the most seriously injured of any of the party. Baby Gordon was reclining in a hammock hung on the back of the front seat and while badly shaken up and somewhat squeezed in the tumbling around that occurred was within a few minutes found to be uninjured by the accident.

All were taken to a physician at Fon du Lac and when found that no bones were broken the entire party proceeded on their homeward journey. The Chrysler "80" while considerably jammed and bent was able to be driven home by taking it slow. Mrs. Landmeier is fast recovering from her injuries and all concerned consider themselves very fortunate in as much as none of the party were fatally injured.

Parties may come and go, but who ever heard of a twin party—or a party of twins?

Well, the Des Plaines theatre and the Siamese Twins are arranging a twin party, and those who are fortunate enough to see it at the Des Plaines Theatre next Monday will never forget it. First the San Antonio Siamese Twins—those two sisters whom nature joined together since birth, are to be the hosts and not less that one hundred sets of twins are expected at this novel party. Everything has been arranged for this unusual party, and all that is necessary for twins to obtain admission to the party, is for them to come to the manager's office and register their name and address and receive free tickets, if the twins are too small to attend alone, an extra ticket will be given to whoever is in charge of them. Daisy and Violet Hilton, for those are the names of the Siamese Twins, are anxious to meet all twins in this section, and after the big

WHEELING DEPARTMENT

The Boy Scouts returned from their camping trip in Northern Wisconsin, on Friday of last week. A happy group they were, with a good coat of tan, and many interesting tales to tell including "fish stories." They boast of having had not one case of home-sickness, although it was the first experience of most of the boys. They reported the presence of plenty of "tritomated mosquitoes," but this did not mar their enjoyment of the trip.

The Ed. Wesoek and Paul Dueball families motored to Winona, Minnesota, last week, where they will spend a short vacation with relatives.

Miss Hazel Upadel spent a few days of last week in Elgin.

Miss Frances Gerscheske has been on the sick list, and was forced to give up her work at the Union hotel for a while.

The members of the Wheeling Fire Department and some of their friends, went on their annual outing on Wednesday of last week. The day was spent at Lake Geneva and Lake Como. They enjoyed a boat trip on two of the speed boats plying on Lake Geneva. They also visited the home of Sidney Smith and were shown all through his beautiful estate. One of the most exciting events of the day, was the ball game staged between the business men and the younger men of the party. The score was 12 to 9 in favor of the business men.

The Ladies Aid of the Presbyterian church had their annual outing to Crystal Lake on Wednesday of last week. The spacious lawns at the home of Mrs. Almon Rockenbach served as their picnic grounds. An hour was spent at the lake, where the younger members of the party went in swimming.

Friends of Gladys Fritsch, formerly of this community, will be interested to hear that she was married on Saturday, July 20, to Mr. Joe Glatz of Chicago. The young couple are on their honeymoon somewhere in the east.

Miss Dorothy Balling had a nar-

row escape Saturday night when the car in which she was riding, ran into the ditch. Dorothy suffers a bruised nose and several cuts from the broken glass of the windshield. It was necessary to put in several stitches, but we hope she will not be left with any scars.

We are sorry to report the illness of Mrs. Robert Kirk of Lamesa, Texas, who formerly lived in our village and at Chiliderley. She was obliged to undergo a very serious operation two weeks ago, but the doctors have good hopes for her recovery.

A man about 40 years of age, was drowned in the Des Plaines river at Dam No. 1, on Sunday evening. He had been in the water for some time before he was missed by his party. When his body was finally recovered, all efforts to revive him proved futile.

Mrs. C. Birk returned to the city on Saturday, after spending a week with her brother.

Are you all set for Wheeling Day, August 3. Make it a real holiday and bring your friends. There will be a ball game in the afternoon.

AMONG THE THEATRES

"River of Romance" To Uptown Screen

Charles "Buddy" Rogers, famous youth-star of filmland, brings his newest all-talking triumph, "River of Romance" to the Uptown Theater screen for one week, starting Friday, July 26.

"River of Romance" is a romantic melodrama of a Mississippi plantation in 1840, the story dealing with the adventures and affairs of a boy raised in the Quaker City of Philadelphia, who returns to his father's southern plantation. There he is confronted with customs and ideals entirely foreign to those he has known and loved in the North.

How he overcomes these obstacles to his happiness, and eventually finds love and understanding among his father's people and the girl of his choice, furnishes the plot for this soothsaying southern opus. A notable cast of stars supports Buddy Rogers in "River of Romance," including H. B. Walthall, Mary Brian, Wallace Beery, June Collyer and Fred Kohler.

Tense, suspenseful drama, in a setting as intriguing as any ever brought to the screen, is now the fare at Roosevelt theater. "Thunderbolt," George Bancroft's new all-talking picture, has gripping situations, surpassing the tremendous episodes of "Underworld."

Harlem, New York's Negro district, with all its sinister, hidden underworld, is revealed on the screen as it actually is. Bancroft portrays the part of a hard-fighting gang boss in love with Fay Wray, Eric von Stroheim's beautiful heroine of "The Wedding March." The girl repulses Bancroft and, in an effort to go straight, turns to Richard Arlen.

Figures Support Paramount Lead

Talking pictures, as done by Paramount, are just twice as good as those recorded by any other system. This fact is proved by mathematical demonstration, according to a statement made by Ralph Townsend, director of recording at Paramount's Eastern studios, where "The Letter," starring Jeanne Eagels, was recently completed.

"Interference" was the first feature talking picture recorded by Paramount. "The Letter" embodies all the technical elements which made that picture such a tremendous success and, perhaps, it has a few improvements.

Mr. Townsend pointed out that it is natural thing for talking pictures to be improved as more experience is gained in filming them.

The absence of the lisp, for example, was one of the features in "Interference" and Mr. Townsend tells how that technical flaw was eliminated.

Every sound has a pitch, equivalent to the length or frequency in radio. Pitch is determined by the number of vibrations per second which that sound sets in motion. The average human ear can hear sounds ranging from a frequency of 16 or less up to about 15,000.

"Our problem was to increase our range so that the ear could not detect any flaws. We have now reached a point where it is possible to catch vibrations up to 8,000 cycles. Other methods do not reach a maximum of more than 3,000. Obviously the higher the range we get, the finer is the quality of voice recorded and elimination of any enumeration is negligible. We shall soon raise our maximum of 8,000 cycles to a higher maximum," he said.

This means that, in Paramount talking pictures, the sounds are becoming more natural. If a drawer is slammed in a desk, it gives the true sound and not a mechanical one. That this high range benefits the recording of the human voice is quite obvious and it accounts for the enthusiasm which has greeted Paramount talking pictures everywhere.

"The Letter" comes to the Pickwick Theatre, Monday, Tuesday, Wednesday, August 4, 5, and 6.

The screen fare for the Oriental next week will also be of the continental variety—Metro-Goldwyn-Mayer's all-talking drama, "Wonder of Women," being chosen to fill out the program.

Red-Haired Girls Must Be Careful of Clothes

"Red-haired girls have to be more careful about their clothes than blondes or brunettes," says the auburn-headed Duane Thompson of Willard Mack's all-talking picture, "The Voice of the City," a Cosmopolitan production for Metro-Goldwyn-Mayer, which opens at the Pickwick Theatre, Thursday and Friday, August 7 and 8.

"A red-head must stay rather closely to greens, blues and browns," says Miss Thompson. "If she looks longingly at the light pastel shades, she must stick to these three colors."

"I notice many red-haired girls who are taking a chance with the

perfume Old Commodity

Perfume which we define as a sweet fragrance, was one of the most useful and interesting of ancient commodities. It was used for religious and medicinal purposes.

The Queen of Sheba is said to have given to King Solomon an abundance of spices and wood of which perfume was made. These were reported as being of very high value.

The screen fare for the Oriental next week will also be of the continental variety—Metro-Goldwyn-Mayer's all-talking drama, "Wonder of Women," being chosen to fill out the program.

WHEELING DEPARTMENT

The Boy Scouts returned from their camping trip in Northern Wisconsin, on Friday of last week. A happy group they were, with a good coat of tan, and many interesting tales to tell including "fish stories." They boast of having had not one case of home-sickness, although it was the first experience of most of the boys. They reported the presence of plenty of "tri-motored mosquitoes," but this did not mar their enjoyment of the trip.

The Ed. Wesolek and Paul Dueball families motored to Winona, Minnesota, last week, where they will spend a short vacation with relatives.

Miss Hazel Uptadel spent a few days of last week in Elgin.

Miss Frances Gerscheske has been on the sick list, and was forced to give up her work at the Union hotel for a while.

The members of the Wheeling Fire Department and some of their friends, went on their annual outing on Wednesday of last week. The day was spent at Lake Geneva and Lake Como. They enjoyed a boat trip on two of the speed boats plying on Lake Geneva. They also visited the home of Sidney Smith and were shown all through his beautiful estate. One of the most exciting events of the day, was the ball game staged between the business men and the younger men of the party. The score was 12 to 9 in favor of the business men.

The Ladies Aid of the Presbyterian church had their annual outing to Crystal Lake on Wednesday of last week. The spacious lawns at the home of Mrs. Almon Rockenbach served as their picnic grounds. An hour was spent at the lake, where the younger members of the party were swimming.

Friends of Gladys Fritsch, formerly of this community, will be interested to hear that she was married on Saturday, July 20, to Mr. Joe Glatz of Chicago. The young couple are on their honeymoon somewhere in the east.

Miss Dorothy Balling had a narrow escape Saturday night when the car in which she was riding, ran into the ditch. Dorothy suffers a bruised nose and several cuts from the broken glass of the windshield. It was necessary to put in several stitches, but we hope she will not be left with any scars.

We are sorry to report the illness of Mrs. Robert Kirk of Laramie, Texas, who formerly lived in our village and at Childderley. She was obliged to undergo a very serious operation two weeks ago, but the doctors have good hopes for her recovery.

A man about 40 years of age, was drowned in the Des Plaines river at Dam No. 1, on Sunday evening. He had been in the water for some time before he was missed by his party. When his body was finally recovered, all efforts to revive him proved futile.

Mrs. C. Birk returned to the city on Saturday, after spending a week with her brother.

Are you all set for Wheeling Day, August 3. Make it a real holiday and bring your friends. There will be a ball game in the afternoon.

Wheeling versus Highwood, games and races for the children and plenty of other attractions. Come and see.

PRESBYTERIAN CHURCH

"River of Romance"
To Uptown Screen

Charles "Buddy" Rogers, famous youth-star of filmland, brings his newest all-talking triumph, "River of Romance" to the Uptown Theater screen for one week, starting Friday, July 26.

"River of Romance" is a romantic melodrama of a Mississippi plantation in 1840, the story dealing with the adventures and affairs of a boy raised in the Quaker City of Philadelphia, who returns to his father's southern plantation. There he is confronted with customs and ideals entirely foreign to those he has known and loved in the North.

How he overcomes these obstacles to his happiness, and eventually finds love and understanding among his father's people and the girl of his choice, furnishes the plot for this soothsaying southern opus. A notable cast of stars supports Buddy Rogers in "River of Romance," including H. B. Walthall, Mary Brian, Wallace Beery, June Collyer and Fred Kohler.

Tense, suspenseful drama, in a setting as intriguing as any ever brought to the screen, is now the fare at Roosevelt theater. "Thunderbolt," George Bancroft's new all-talking picture pulses with gripping situations, surpassing the tremendous episodes of "Underworld."

Harlem, New York's Negro district, with all its sinister, hidden underworld, is revealed on the screen as it actually is. Bancroft portrays the part of a hard-fighting gang boss in love with Fay Wray, Eric von Stroheim's beautiful heroine of "The Wedding March." The girl repulses Bancroft and, in an effort to go straight, turns to Richard Arlen.

Some of the most titanic scenes ever photographed form an interesting background in the filmization of Rupert Hughes' novel, "She Goes to War," which enters its third week at the United Artists theater Friday.

This vehicle, which is a narrative of a different phase of the great war, concerns the regeneration of a young society debutante who goes "over there" to help her country in the grim conflict, as a war nurse. The action of the regiment serviced at the canteen where the girl is stationed carries her to the very front. It is here that the producers of "She Goes to War" offer some breath-taking photography.

No movie-goer can afford to miss the sensation of sensations, the startling realism brought to this great sex drama by means of the most vivid dialogue and scenes.

Can you imagine yourself living in far off China—married to a man who thinks of nothing but business and secretly in love with an army officer, as handsome as Apollo? Imagine if you found this lover in the arms of a Chinese woman—what would you do?

In "The Letter" Jeanne Eagel kills him. Imagine yourself under these circumstances—a lover dead as usual the ground was crowded and many old settlers were glad to see each other again. The young people enjoyed the various games, but everybody was ready when supper was announced, which was served in the pavilion of Lander's Grove.

For generations, any farmer who could stand out on a sky line and raise his voice in a prolonged "Soo-oo-oo-cow, SOOK, SOOK" and get the old bridle cow to come ambling home was considered an efficient cow caller.

Personality Required!

Today, educators have discovered that calling cows demands—in addition to that prime requisite, leather lungs, not only technique but personality. And the collegiate brand of cow calling is not intended to bring home the bosses, but to attract people.

The first official cow calling meet was put on as an entertainment by the Purdue University Extension School staff during one of its regular two day farm schools at Marion, Ind. The bevy of bovine broadcasters who joined the fray, fighting for the championship, put cow calling on the map on a par with inter-collegiate athletics. The Blue Valley Creamery Institute of Chicago made the Cow Calling meet a regular institution by offering to award the winner in each fray a handsome cow bell trophy.

Cow Calling Real Art

Calling cows, according to the Institute, is much more of an art than calling pigs or chickens. Calling a pig to three squares a day is as superfluous as getting up in the night to give the goldfish a drink. Anything that is uttered above a whisper any time between breakfast and lunch or between lunch and dinner, brings him on the run and as a result, every locality has developed its own mess call for hogs. Calling chickens is also more or less of a gesture. The rattle of corn in the pan, and for well trained flocks, the squeak of the kitchen door, is about all the call that is required.

But cows have to be coaxed, and while statistics seem to prove that the basic chant of "Soo-oo-oo-oo-OO-OO-Cow, SOOK, SOOK" is mess call for cattle of every breed and color—except those ranging on the western plains—the test of a good caller is the personality and personal lure he throws into his voice.

In the middle west; cow calling has almost passed into history. The farms are practically all fenced and the cattle no longer range at large; only now and then, as twilight sifts down onto the rolling prairies of the Mississippi Valley does one hear the long drawn "Soo-oo-oo-K" of some farmer calling his solemn herd to shelter against the coming night.

Cow calling, almost a vanished art on the American farm, is due for a revival here when a cow calling contest will be staged as a feature of the Cook Co. Fair, Palatine, Aug. 28-Sept. 2. The winner of the contest will be presented with a handsome cow bell trophy by the Blue Valley Creamery Institute of Chicago.

Any man, woman or child may take part in the contest. Volume of voice will be figured by the judges at 30 points, the carrying quality of the voice at 30 points, the musical quality of the voice at 10 points, and the appeal (in the imagination of the judges) the call would have on the cow, at 30 points. Contestants are free to use whatever call they think best, and will be allowed as much time as desired. Speechmaking, however, is barred.

The cow calling contest has been set for Aug. 28-Sept. 2. Persons contemplating having a "voice" in the contest are urged to get in touch with Mr. T. C. Hart, secretary of the fair, immediately.

The accompanying illustration is that of Ottis Kinney, Owen county, Ind., who won the first cow calling contest staged anywhere in the United States. In the inset is a reproduction of the cow bell trophy which the Blue Valley Creamery institutes will award to the winner of the contest at the Cook County Fair at Palatine.

Plans are being made for the annual carnival and picnic of Our Lady of Perpetual Help church to be held the 24th and 25th of August. There will be many amusements for kiddies as well as the grown folks. The carnival will be held between the church and school.

Saturday, August 3, sees the opening of the new Glenview Market House on Waukegan road next to the Glenview bakery. The market will be operated by Mr. L. Deschmeier of Chicago, who says the building will be ready for the grand opening next Saturday.

There will also be two new stores opened on the west side of the River soon. The building is now being erected on the former Herman Schmidt property and adjoins the building occupied by the Atlantic and Pacific and Genthner's meat market. Rumors have it that the stores are already rented and will be occupied as soon as they are ready.

The Lieutenant General of Canada, Duke Wellington, reviewed the Canadian boys; the entire group are on our boat, about 175.

When he finished he shook hands with the American leaders, and reviewed our boys.

Went on a tour around Quebec at 8:30. Arrived back at boat about 11:00 for the review.

Had our pictures taken yesterday for the American papers. All the boys with their cameras had their pictures taken with the captain.

This morning we "moviemen" were excused from line and we go closeups of Wellington with the ship's officers. We have some wonderful pictures.

Please excuse the spelling and writing. Chear up the next on may be harder to read. I shall send another letter in mid occur and try to send you all the news.

Tell the folks we are having a great time on our adventure and are all sure of continuing our good time.

Well, I shall sign off for this broadcast. Give my regards to everyone.

Scouting yours,

"THE LETTER" AT DES PLAINES

Through Paramount Pictures, we have August 7 and 8, finally received a permit to show their wonder production, "The Letter." But with this permission went a Censor Board ruling that no children would be permitted to see this startling exposure of a woman and her lover.

No movie-goer can afford to miss the sensation of sensations, the startling realism brought to this great sex drama by means of the most vivid dialogue and scenes.

Can you imagine yourself living in far off China—married to a man who thinks of nothing but business and secretly in love with an army officer, as handsome as Apollo? Imagine if you found this lover in the arms of a Chinese Woman—what would you do?

In "The Letter" Jeanne Eagle kills him. Imagine yourself under these circumstances—a lover dead by means of your own hand and love letters you had written in the hands of your mortal enemy. For the solution of this problem you must see "The Letter." It will give you a new slant on life. And remember the engagement is limited to two days only. Wednesday and Thursday, August 7 and 8.

Greeting Poet Laureate

An English book brings up again the anecdote of Robert Bridges' return in America. The poet laureate refused firmly to see reporters and felt highly gratified in putting them to rout. He was duly vanquished the next morning to read the headline "King George's Canary Refuses to Twitter." Spelling and Dramatic News.

"Soo-oo-oo-oo-K," "Soo-oo-OO-cow," "Soo-oo-oo-boss"

Cow calling, almost a vanished art on the American farm, is due for a revival here when a cow calling contest will be staged as a feature of the Cook Co. Fair, Palatine, Aug. 28-Sept. 2. The winner of the contest will be presented with a handsome cow bell trophy by the Blue Valley Creamery institute of Chicago.

Any man, woman or child may take part in the contest. Volume of voice will be figured by the judges at 30 points, the carrying quality of the voice at 30 points, the musical quality of the voice at 10 points, and the appeal (in the imagination of the judges) the call would have on the cow, at 30 points. Contestants are free to use whatever call they think best, and will be allowed as much time as desired. Speechmaking, however, is barred.

The cow calling contest has been set for Aug. 28-Sept. 2. Persons contemplating having a "voice" in the contest are urged to get in touch with Mr. T. C. Hart, secretary of the fair, immediately.
